

stone™
DUTCH QUALITY

Amish craftsmanship is revered throughout the world, and our production facilities are located in the heart of one of the biggest Amish communities in America. This goes a long way toward explaining why Dutch Quality Stone™ products have become an industry leader in quality and consistency.

We have combined fine craftsmanship with high production techniques. The result is a stunning collection of fine veneer stones readily available for on-time shipment to our dealer network.

In our corner of the world, people believe in doing things right. Take a close look at Dutch Quality Stone™ --- it shows.

Fireplaces

Our stone can add to the luster and appeal of your fireplace surrounding. Whether you want a small enclosed fireplace to sit in the corner of your living room, or a fireplace display that becomes the center of attention for your family room, at Dutch Quality Stone™, we have the stone to complete the look and atmosphere that you want to achieve.

Above: Pennsylvania Weather Ledge - Below: Cypress Ledgestone - Right Top: Autumn Blend Limestone - Right Bottom: Buckeye River Rock

Residential Applications

We look at things a little differently than other stone manufacturers. Our approach is big company production with small business service. We take pride in the high quality, consistent product that we stand firmly behind. Attention to details, even the small ones, has been the key to our success.

Below: Grey Fieldstone - Right Top: Cypress Weather Ledge - Right Bottom: Columbus Blend Limestone

It all starts with our molding process. We make our stone molds from a high quality latex blend that captures even the slightest details of the natural stone. With this sharp detail, we are able to recreate stone as it appears in nature. Add an array of color options, and you get just the look you desire from your stone facade.

Residential Applications

Our masters are selected from natural stone for their size, shape and fit. Choosing from nature's finest is what gives Dutch Quality Stone™ its natural look. You want the best for your home, and we are here to make it for you.

Below: Pennsylvania Fieldstone - Top Right: Tan Fieldstone - Bottom Right: Natural Blend LedgeStone

Residential Applications

Break the bounds of geography and select a stone style native to another state. Specify Dutch Quality Stone™ and your home will look as though you used natural stone. Yet, you'll enjoy the lighter weight and cost savings only veneer stone can offer.

Commercial Applications

The same attention to detail you see when you look at our stone, you will also see on our production floor. Constant process improvement merged with automated technologies to handle high-volume orders under quick turn-around times provides you with the stone you need...fast. The blend of our old-world craftsmanship and advanced production processes transforms homes and commercial architecture into pieces of art.

Warranty & Installation

Warranty

Dutch Quality Stone™, Inc., warrants, subject to the terms and conditions of the full written warranty, that its manufactured concrete products shall be free from defect in materials, manufacturing and workmanship for a period of 50 years from the date of purchase. The manufacturer will not be liable for any cracked or damaged product due to mishandling, building settlement, improper installation, discoloration due to airborne contaminants, or acts of God beyond the control of the manufacturer. This warranty is limited to the original purchaser and may not be transferred. (Complete manufacturer's warranty is available upon request.)

Additional Notes

Just as natural stone will vary in color, Dutch Quality Stone™ will reflect some degree of variation in color. Actual stone color may vary from brochure. It may also vary from existing structures. Veneer stone is not intended and will not hold up to foot traffic. Like any other cement product, under certain weather temperatures and conditions, stone may have signs of efflorescence. Just as natural stone shows signs of scuffing, occasionally Dutch Quality Stone™ will have light scuffing. With proper handling, there should not be heavy scuffing. Dutch Quality Stone™ is not responsible for discoloration due to run-off from adjacent building materials. For Drystack recommendations, please see our installation instructions available on our website.

*For answers to any questions not covered in this brochure, please contact us. 1-877-359-7866
For detailed installation instructions, specifications, technical information, and product evaluations, visit us online at www.dutchqualitystone.com.*

Dutch Quality Stone™ is a charter member of the MVMA. Dutch Quality Stone™ meets or exceeds all ICC acceptance criteria. See ICC-ES Evaluation Report No. 1942 at www.icc-es.org.
