DUTCH QUALITY

CONTENTS

Our hometown might be a little different. We share our roads with buggies. We know the name of each neighbor. So maybe it's only natural that the qualities so common here in Ohio's Amish country—hard work, honesty, genuine care—are what define us as a company. They certainly define our products. Created by a tight-knit circle of local artisans, Dutch Quality Stone veneers exhibit all the unique beauty of nature in a range of dependable, easy-to-install options for homes and commercial properties. It's what can happen when the exacting standards of traditional craftsmen are applied to modern processes. And it makes all the difference.

DESIGN INSPIRATION

Designed to inspire inside and out.

Explore our gallery of showcase projects to help inspire your designs. Choose Dutch Quality when you want to create a warm, welcoming look for your home or commercial property. We're here with ideas that fit your budget, time frame, and special vision.

Our veneers capture the complex character of natural stone because we take special care in creating the original master molds. It's a process that requires both art and technology. The result: a stable, durable, convenient, and inherently beautiful material in a wide array of styles and colors.

OUTDOOR SPACES

A traditional favorite for outdoor spaces.

For as long as people have been building places to gather, stone has been a favorite design material. It's still true today. Our artisan-crafted stone styles bring that organic element to outdoor fireplaces, seating walls, kitchens, and more, combining the rugged textures and subtle colors so loved in nature with ease of installation only possible with Dutch Quality. In no time, you can create your dream backdrop for outdoor entertaining and relaxing.

OUR PRODUCTS

We offer a wide selection of styles, colors, and sizes so you can find the look that fits your vision, your property, your budget, and your time frame. Once you've made your choice, finish out your project with accessories carefully designed to complement your stone color and profile. And no matter what you choose, our exceptional customer service is always here to help.

DRY STACK

An exceptionally efficient option that gives you the profile of intricately stacked natural stone in an easy-to-install panel form. No grouting small ledge stones or prolonged construction timelines required.

WARRANTY

Dutch Quality Stone™ Inc., warrants, subject to the terms and conditions of the full written warranty, that its manufactured concrete products shall be free from defect in materials, manufacturing, and workmanship for a period of 50 years from the date of purchase. The manufacturer will not be liable for any cracked or damaged product due to mishandling, building settlement, improper installation, discoloration due to airborne contaminants, or acts of God beyond the control of the manufacturer. This warranty is limited to the original purchaser and may not be transferred. (Complete manufacturer's warranty is available on our website: www.dutchqualitystone.com)

Additional Notes

Just as natural stone will vary in color, Dutch Quality Stone™ will reflect some degree of variation in color.

Actual stone color may vary from brochure. It may also vary from existing structures.

Veneer stone is not intended for and will not hold up to foot traffic.

Like any other cement product, under certain weather temperatures and conditions, stone may have signs of efflorescence.

Just as natural stone shows signs of scuffing, occasionally Dutch Quality Stone™ will have light scuffing.

With proper handling, there should not be heavy scuffing.

Dutch Quality Stone™ is not responsible for discoloration due to run-off from adjacent building materials.

For answers to any questions not covered in this brochure, please contact us: 1-877-359-7866

For detailed installation instructions, specifications, technical information, and product evaluations, visit us online at www.dutchqualitystone.com.

Dutch Quality Stone™ meets or exceeds all ICC acceptance criteria. See ICC-ES Evaluation Report No. 1942 at www.icc-es.org.

Because Dutch Quality Stone replicates natural stone, variations should be expected. Even though colors in this brochure are as close to the actual stone as possible, photographic and printing techniques—and actual viewing conditions—can alter perception of color. We recommend obtaining a sample of Dutch Quality Stone before placing an order.

If you would like more information on prices, availability of stone, the name of your local distributor, or answers to any questions not covered in this brochure, please contact us. We are happy to assist you with your stone building plans. Detailed installation instructions, specifications, technical information, and test data are available upon request.
