 or contact your Redland sales  
 representative for a listing of the  
 standard production items.

*Printed color & texture throughout this brochure may vary from actual products*

*Lawrenceville Brick has been making quality brick products for over 60 years, and our associates are working hard every day to continue the tradition of Virginia brick making that started with the early settlers in the seventeenth century. We're proud of our heritage in southern Virginia and the reputation we've built over the years. And, we don't call ourselves "Virginia's Finest Brick Maker" without realizing the responsibility that such an honor brings with it.*
